Construction & Lot Loans

MADE EASY

ONE! APPLICATION
CLOSING
CUSTOMIZED SOLUTION

Customized Solutions To Meet Your Individual Needs

Because construction financing is a specialized field, Integra Lending has **specialized loan consultants!** Our construction loan specialists know how to save you time and money, and will provide the peace of mind that comes from knowing the right permanent financing option has been chosen for YOUR personal situation.

Your personal Integra consultant is ready and committed to helping you:

SELECT the right mortgage

Your Integra construction loan specialist will work with you to determine the best home financing solution for your situation.

KICK OFF your construction loan

In most cases, custom home construction takes between 12 and 18 months, during which time you will receive disbursement of funds to pay your builder for labor and material costs. Each month, you will be required to pay only the accrued interest on the outstanding balance. Or, if you prefer, you can even divert those costs to your loan balance!

CONVERT to permanent home financing

Once your home is complete, your loan will conveniently transition to the permanent mortgage you selected during the application process, with nothing more needed from you in most cases. What could be easier?

What We Offer

Integra Lending takes your financing needs seriously and offers an array of products to best meet your long and short term mortgage objectives.

- Single Close Construction Loans with Locks to 18 months
- One application and one closing to cover both you construction and permanent financing needs
